

Parental Permission Form & Agreement - Construction Volunteering

Flower City Habitat for Humanity (FCHH) requires the completion and submission of this form for any person under 18 years old to volunteer with us.

Volunteer's Name: _____ Age: _____

Volunteer's Email Address: _____

Volunteering on the following date(s): _____

My son/daughter and I understand that:

Flower City Habitat for Humanity work sites are real-life construction sites requiring volunteers to be aware of safety measures and to follow instructions provided by construction supervisors. Safety is more important than completing a task quickly.

For their own personal safety, all volunteers under 18 will be limited in the types of tasks they may perform and the tools they may use. (Youth are prohibited from using power tools, working on tall ladders, high scaffolding, etc).

Volunteers are signed up to work a full-day, but if for some reason they must leave early, they MUST inform their supervisor of that fact and refrain from "just leaving".

FCHH carries secondary insurance. This means that if a volunteer is injured and there are expenses not covered by their own medical insurance, FCHH's insurance will typically cover the additional expenses.

I understand my son/daughter must sign-in at the site and provide an emergency contact name and phone number. I am aware of the potential hazards associated with construction work.

Parent's Name: _____ Phone #: _____
