

## **COVID-19 Related Construction Safety Requirements**

***Effective June 15, 2020 [Updated July 2, 2020]***

- The Site Supervisor or Site Leader will be responsible for a logbook for site attendance, daily cleaning requirements and adherence to all safety requirements as mandated by local, state & federal agencies
- Only volunteers that have signed up for the day through the FCHH website will be allowed onsite
- Anyone entering the jobsite must wash their hands upon arrival with sanitizer and have a face mask
- No shared food or beverages will be allowed on the jobsite (bring your own lunch AND water)
- Social Distancing Rules will apply: All personnel must maintain at least a 6 ft. separation, when possible, and if the situation prohibits it, then a face mask must be worn
- A social distancing gathering area for COVID-19 health questions, hand washing/sanitizing, sign in and morning orientation will be marked.
- All volunteers must complete a COVID-19 health questionnaire, which will be emailed to registered volunteers. The questionnaire must be filled out the morning of your volunteer day, before arriving. Anyone who has answered positive to any of the health questions or who has not answered the questions, will not be allowed on the jobsite and will be asked to leave
- Jobs will be planned to optimize volunteer talents, minimize spread of potential disease, and adhere to social distancing and tool sharing protocols.
- Hardhats and safety glasses must be worn and cleaned regularly similar to tools and common areas
- Clean common areas, tools, and PPE at start of work, lunch break, and end of day
- Any shared tools must be cleaned/sanitized after their use is completed
- FCHH Vehicles will be limited to a maximum of 2 people, both occupants must wear masks and the vehicle must be cleaned/sanitized after each individual use
- The proper disposal of all single use sanitizing wipes, cleaning materials or single use PPE into a covered receptacle is required and will be removed on a regularly scheduled basis
